- h. Explain the use, benefits and potential limitations of checklists and where appropriate, alternatives to checklists.
- i. Identify different types of objective evidence that may be required to demonstrate effective implementation of corrective and preventive action.

2.3 Practical Skill Based Activities

The following minimum practical skill based activities must be covered during the course through workshops, case studies, auditor role-play etc.:

- a) Identify the pre-audit information required to plan the audit
- b) Prepare an on-site audit plan that is appropriate to the audit scope
- c) Produce an audit checklist
- d) Perform document review
- e) Identifying and reporting the non -conformance

2.4 The training course provider may develop more detailed learning objectives as appropriate

2.5 Students' achievement of the learning objectives shall be measured by the training provider.

Section – 3: COURSE CONTENT

- 3.1 The Course provider at the beginning of the course presentation shall provide the students with a description of the learning objectives, course format and programme, student responsibilities, student evaluation process and criteria.

All students should be provided with a copy of the relevant standards for self study and for classroom based elements of the course.

- 3.2 The course shall cover:

- a) all aspects defined in the Course Objectives
- b) local requirements, culture, practices or approaches to auditing and the application of OH&S standards as applicable

Section – 4: COURSE STRUCTURE, TRAINING METHODS AND FACILITIES

4.1 Duration

- 4.1.1 The total course time devoted to direct instruction and to assigned team and individual activities shall be at least 24 hours out of which at least 50% time shall be allocated for skill based activities and the remaining for theory
- 4.1.2 If the course is given through interpreters, the time shall be increased as required to meet the learning objectives
- 4.1.3 Time devoted to the examination and to meals, breaks or other free time is not included in the calculation of the course duration.
- 4.1.4 The course shall be presented during three consecutive days, unless otherwise authorized by NBQP.

4.2 Training Methods

- 4.2.1 Training courses shall be designed to have a high degree of interaction between students and instructors. Training methods shall seek to involve and engage students throughout the duration of the course.
- 4.2.2 The training course shall include both knowledge-based sessions (to facilitate understanding of concepts) and skill based sessions (application of knowledge and skills in practical activities) and each student shall be subjected to realistic audit practices and conditions.
- 4.2.3 Knowledge based sessions may be instructor led, but shall allow for some interaction with students enabling instructors to test learning and students to clarify their understanding as required.
- 4.2.4 Skills based sessions may be supported by instructor input to address the relevant requirements and techniques such as for managing meetings and interviews.
- 4.2.5 Methods for validating student achievement of the learning objectives and for providing timely feedback shall be included in the course.
- 4.2.6 Each student shall be required to participate in practical skills based activities: workshop, case studies, auditor role-playing or actual quality system audit situations.
- 4.2.7 Instructors shall demonstrate effective management of the course, including attention to time schedule, course content, requirements of the standard, instructor conduct and other course requirements.
- 4.2.9\8 Training aids such as videos that are directly relevant may be used to supplement the training by the instructors. These may be commercial training videos or videos produced during the course to record and review the performance of students. No more than three hours of the total course time may be devoted to non-interactive, passive training aids.

4.3 Class size ; Attendance

- 4.3.1 The number of students in a class shall be no greater than twenty nor fewer than four.
- 4.3.2 Students shall be required to be in attendance for the full duration of the course.

4.4 Number of Instructors

- 4.4.1 Each course offering for eleven or more students shall be presented by two instructors, who shall be actively involved in instruction and evaluation for the full duration of the course.
- 4.4.2 At least one instructor shall be NABET/NBQP or IRCA or RABQSA or any other equivalent registered/registered Lead Auditor.
- 4.4.3 Additional resource people or trainee instructors may be used for specific subjects or activities, however the main instructor/s remain responsible for the entire course offering.
- 4.4.4 When the number of students is four to ten, the course may be presented by one instructor.

When specific activities (ex. written quizzes etc.) involve neither instruction nor evaluation and do not require the availability of the instructors for explanation, clarification or advice, only one instructor need be present.

4.5 Course Materials

- 4.5.1 Each student shall be provided with a complete set of course notes to supplement the training program.
- 4.5.2 The documents included in the course notes shall themselves illustrate good organization, layout and document management practices, including document revision level and appropriate page numbering.
- 4.5.3 The set of course notes shall prominently identify the approved course provider (ex. on cover page etc.).
- 4.5.4 The student notes shall cover each session and shall include all important points of the learning objective(s) being covered.
- 4.5.6 Examples of typical documents, reports and forms shall be included.
- 4.5.7 Course notes may include typical examination questions, provided they are not used in any of the examinations, either during the course or following the course.
- 4.5.8 Each student shall have a copy of the current published version of relevant standards. If the standards are not supplied as part of the course notes each student shall be required to take a copy to the course. A copy shall be made available for loan to any student who does not have one.

4.6 Facilities

NBQP Accreditation criteria for 3 Day Modular OH&S Auditor Training Course

NBQP/OH&S/01

April, 2017

Version 1.1

- 4.6.1 The course provider shall ensure that suitable facilities for training are provided, including classroom, audio-visual and other training equipment, and facilities for team activities.
- 4.6.2 The course provider shall encourage students to be resident at or near the location of the course offering, since this enhances participation in team activities and student contact with instructors outside the structured class settings.

Section – 5: EVALUATION OF STUDENTS

All students who have completed all elements of the course shall be evaluated using the following two independent elements, both of which shall be satisfied if the student is to successfully complete the course:

- a) the continual evaluation by the instructors of each student's achievement of the learning objectives detailed as above
- b) a written examination that tests students' ability to apply audit principles and practice against the requirements of OH & S management systems.

5.1 Continuous Evaluation

The continuous evaluation shall be documented and shall evaluate each student's:

- a) achievement of the learning objectives
- b) attendance and punctuality during the course

Each student's performance shall be reviewed at the end of each day by the instructor(s). A daily grade shall be assigned for each student, reflecting the assessment of both instructors.

The Tutors should be provided with model outputs and a marking scheme/guidance to assess each student's performance and outputs.

Course instructors shall identify students who appear to be having difficulty in achieving the learning objectives or who are not performing adequately in course activities. Such students shall be informed privately and in a timely manner of the instructor's observations and be given opportunity to improve.

A student who fails the continual evaluation must satisfactorily complete another full training course before being eligible to receive a certificate of successful completion.

5.2 Written examination

- 5.2.1 The written examination shall evaluate the students' comprehension of the audit process and the application of OH&S standards and their ability to provide written justification of their evaluations.
- 5.2.2 The examination shall be designed so that a competent student (i.e. one who has demonstrated achievement of the learning objectives) could achieve a minimum mark of 70% in two hours.
- 5.2.3 The time allotted for taking the examination shall be two hours. Strict adherence to the time limit shall be maintained.

	NBQP Accreditation criteria for 3 Day Modular OH&S Auditor Training Course		
	NBQP/OH&S/01	April, 2017	Version 1.1

- 5.2.4 The instructor may allow a student with particular disability that adversely affects the student's capability to complete the examination in the allotted time up to 30 minutes additional time for taking the written examination. Any such allowance shall be indicated in the records of the course or of the examination with supporting reasons.

- 5.2.5 Students whose first language is not the language in which the course is presented and examined (i.e. English) and whose ability in that language requires them to work more slowly, may be permitted additional time not exceeding 30 minutes to complete the examination.
- 5.2.6 At least 75% of the examination grade shall be based on questions that require written responses which test the student's ability to analyze audit scenarios and understanding of how to apply the OH&S standard during an audit.
- 5.2.7 The remainder of the examination grade shall be based on multiple choice, true/false or short answer questions.
- 5.2.8 The minimum passing grade shall be 70%.
- 5.2.9 The reference material allowed during the examination is a copy of the relevant standards, Course notes provided by the training course provider and personal notes made by the students during the course.
- 5.2.10 Copies of the examination questions (other than those in an example examination paper), examination papers, solutions or completed examination papers shall not be supplied to any student or any other party (except to the approval body) for any reason.
- 5.2.11 Training course provider shall ensure that the instructor(s) for any given course presentation and/or designated authority are not aware of the examination paper to be used for that presentation.
- 5.2.12 At least one instructor of the course must be present during the examination.
- 5.2.13 The training course provider should have at least 3 set of different examination papers which should be used alternatively.

5.3 Grading : Pass/Fail Decisions

- 5.3.1 Each examination paper shall be graded by one of the instructors. Another instructor shall check the addition of the score allocated in each section and re-grade all examination papers with scores between 60 and 76 percent.
- 5.3.2 The course provider shall have procedures to resolve any differences in grading and issue final grades.

5.4 Re-examination

- 5.4.1 A student who fails the written examination for the course conducted by the training course provider, but has passed the continual evaluation shall be allowed one re-examination within twelve calendar months from the date of conduct of the course.
- 5.4.2 A different examination paper shall be used for the re-examination.
- 5.4.3 A student who fails the re-examination must take a full training course again before being eligible to take another examination.

Section – 6: TRAINING COURSE ADMINISTRATION
