

**National Board for Quality Promotion
QUALITY COUNCIL OF INDIA**

6th Floor, ITPI Building, 4-A, I P Estate, Ring Road, New Delhi 110002

1-day Leadership Awareness Programme on “Smart Manufacturing Solution Industry 4.0”

Why You Cannot Miss this Event:

Manufacturing has arisen as one of the high growth industries in India and is expected to become the fifth largest manufacturing country in the world by the end of year 2020. India’s manufacturing industry has the potential to achieve US\$ 1 trillion by 2025. To achieve these goals, Indian government provides support by offering great incentives like simpler and lower tax rate to encourage FDI. Meanwhile, manufacturers are constantly challenged to maintain product quality whilst saving costs, shorten lead time at the same time increase customer satisfaction and even the changing government policies. To stay competitive, companies need to continuously improve their manufacturing plant more effectively, invest in low cost automations and technologies to source material, plan production and operations, as well as overcome the shortage of skilled manpower and infrastructure. QCI on effort **Manufacturing Excellence Forum** is gathering some of the most successful practitioners from the globe and India, bringing innovation and collaboration to the industry 4.0 for you to achieve true excellence. At this forum, you will be provided a platform to capture the latest industry trends and learn best practices on developing a manufacturing excellence strategy and system, instilling a robust culture for operational efficiency and safety, enhancing productivity with the latest smart technologies and Internet of Things (IoT) and achieving long term sustainability goals. This is the event you cannot afford to miss!

About the Programme: National Board for Quality Promotion (NBQP), a constituent Board of Quality Council of India (QCI), is conducting “**SMS Industry 4.0**” program for enhancing global competitiveness of Indian Manufacturing organizations.
